Mortgage Valuation Report

General Remarks

The subjects comprise of a purpose built third floor flat forming part of a thirteen storey and basement modern apartment block which contains residential dwellings on the upper floors and commercial premises at ground and first floor level.

The property was found to be in a condition typical for its age and type. Internally, the property was generally well presented.

The property is of a modern method of construction with structural steel frame walls and a flat/curved roof which is overlaid with metal sheeting. The development includes various lifts along with a concierge service/office. Due to the aforementioned factors, it should be appreciated that higher than average maintenance costs will be encountered.
